Iranian Business Delegation in Kazakhstan

Astana - June 2025

Во имя Бога

Экономическое сотрудничество между странами в современную эпоху является не только инструментом взаимного развития, но и ключевым фактором обеспечения региональной и международной стабильности. В этом контексте двусторонние отношения между Ираном и Казахстаном, как двух экономических держав и соседей в Евразийском регионе, обладают огромным потенциалом, который до сих пор был реализован лишь частично.

Промышленность, сельское хозяйство, энергетика, транспорт и технологии — вот лишь некоторые из сфер, которые могут стать основными направлениями сотрудничества между двумя странами. В условиях стремительных изменений в мировой экономике укрепление региональных связей может стать разумной стратегией, способствующей устойчивому росту и экономическому процветанию обеих стран.

Торгово-промышленная палата Казахстана всегда поддерживала развитие частного сектора, совместные инвестиции и расширение торговых обменов, и верит, что предприниматели и экономические деятели обеих стран, используя культурные и экономические общности, могут открыть новую главу взаимовыгодного сотрудничества.

Надеемся, что результаты этого мероприятия станут пусть и небольшим, но важным шагом на пути дальнейшего укрепления отношений между двумя странами.

Амир Абеди

Председатель Совместной торгово-промышленной палаты
Ирана и Казахстана
